Corner Records is introducing their second vinyl and MP3 release for 2008 with **Renewal by Breandan Davey** (available July 18th 2008). Featuring 3 tracks and a bonus mp3 giveaway of the original Renewal track exclusively on www.cornerrecords.com.

This EP features Canadian artist Breandan Davey who has been producing music under various pseudonyms for over 15 years and is renowned for his live performances. A professional sound engineer and record producer, his tracks have a tight polished sound ranging between minimal techno, jazzy house, electro and funk.

The Renewal EP captures a romantic montage of cutting edge production techniques, and the incorporation of instruments and vocals into an environment built on experiments with glitchy cut-up funk and found sound. Overall, the record has a distinct sense of personality and charm not ordinarily found in vinyl releases.

The Renewal EP features two tracks by Breandan himself, "Renewal", and "Brand New Lovin". In addition, Corner is proud to present "Serious", a track from Breandan's side projects under the 5YearsOlderThanDavid moniker with his songwriting partner David Schwarz (vocals and guitar on Serious). The EP is rounded out by a funky broken beat treatment of Renewal by none other than Switzerland's rising star Shaka.

Breandan on Renewal : " Thank God it's Over!! Really! I wrote this track about four years ago and have revised it now three or four times. Each mix moved in a completely different directions and styles. This last, I call it the big bottom mix, I felt was the one where I could finally say "It's done." I still have a soft spot for the original though which is why I wanted to release it to the public for free."

This release includes the following tracks:

- **Renewal Big Bottom Mix** – A groovy prime time dancefloor mover with a throbbing bass with touches of acid.
- **Brand New Lovin'** – A body jacking funk-tech dance floor destroyer. A favorite in Breandan's live shows owing to its deep swinging bassline.
- **Renewal 'Shaka' Break out Mix** – This funk inspired break beat proves Shaka has funk in the soul.
- **Serious (5YearsOlderThanDavid)** – Sexy French vocals and guitar by David Schwarz makes for quality music for dancing *and* listening.
